UNIVERSITY NURSING SCHOOL OF VITORIA-GASTEIZ

MOBILITY PROGRAMMES

The E.U.E. (University Nursing School) of Vitoria-Gasteiz

has since 1990 participated in the different mobility programmes.

These programmes offer the students the possibility of taking part of their studies in another University, guaranteeing the academic equivalence and that it is suitable to their professional profile. The aim is to get training in another university which involves experiencing different methodologies, finding out about ways of doing nursing, other education and health systems and developing cultural competence, etc. Adding to the resulting training value all of the social and cultural learning which is gained by participating in the life in another city and in another country.

NATIONAL:

SICUE

The Spanish universities which form part of the CRUE (Conference of Deans of the Spanish Universities), have established a mobility programme for students called Exchange System between Spanish University Centres (SICUE), in order to provide the students with the possibility of taking part of their degree at a different university and with the guarantee that they will obtain academic recognition.

The students can request mobility according to the places offered by their University of origin, which are published between the months of January and March of each year, and result from the signing of bilateral agreements between the Universities.

As such, this exchange system allows you to take studies from the Nursing degree at one of the Spanish universities listed as partners for the specified period, with the resulting recognition of the credits in the academic record.

- **Duration:** 3, 5 or 9 months.
- **Requirements:** be registered in the UPV/EHU.
- **Selection:** By academic record.
